

Parents Role in Student Education

The Board feels that it is the parents who have the ultimate responsibility for their children's behavior. During school hours, the Board, through the designated administrators, recognizes the responsibility to monitor students' behavior and, as with academic matters relating to conduct.

For the benefit of the child, the Board believes that parents have a responsibility to encourage their child's career in school by:

- *Supporting the school in requiring their child observe all school rules and regulations, and by accepting their own responsibility for their child's willful in-school behavior;

- *Sending their children to school with proper attention to his/her health, personal cleanliness, and dress;

- *Maintaining an active interest in their child's daily work and making it possible for him/her to complete assigned homework by providing a quiet place and suitable conditions for study;

- *Cooperating with the school in attending conferences set up for the exchange of information of their child's progress in school.

In conclusion, Grattan Academy recognizes the importance of parental involvement in education. All parents and students will receive a copy of the Student Handbook, and the Parent Involvement Plan. These documents will be written in a language parents can understand and they will have an opportunity to discuss these documents with a member of our staff.
